THE SWAMI SPEAKS

As I look into my crystal ball, the smoke and mist clear, and I see that which should not be known by mortal man. It is the future, in all its glory and hardship.

I see a woman sitting in a large house. It is a white house. Hail President SANDY WEIGLE! Due to the efforts of Conservative Senator from Arizona, TOM HEPPENHEIMER, and ace ballot stuffer GREG HANANSON, Sandy was unanimously elected in the 1984 campaign. In her newly created cabinet posts are ROGER NOBLE, Secretary of Dodo Control, ROBERT BURGER, Secretary of Non-Alcoholic Beverages, JUDY PALUMBO, Cashbox Secretary, and PEGGY MacCONNELL, Secretary of Defense Against "The Birds." When the opposition leader, TAD CAMPBELL, asked, "Why do so many of the President's cabinet members come from CHS?" Sandy's Press Secretary PIERRE LIGNADIER replied, "Didn't Kennedy's come from Harvard?" No more questions were asked after that.

Recently, BILL DICKERY displayed his first place gold Olympic pole vault medal at the Paris World's Fair. The US Exhibition at this fair was designed by the world famous architect ROBERT MARTIN. Also on display was the Nobel Prize in Botany won by KENNY KARPINSKI for his development of a money tree.

CHARLES BIALKOWSKI and LOUIS McGOFF have gone into the realm of the supernatural. They are investigating the various forms of spirits.

VIRGINIA FARIS and ALICE LAY are in charge of the Ben Casey Hospital.

CHARLOTTE BIALKOWSKI has just received a gold cup for her winning entry in the Championship Cough Drop Spitting Contest sponsored by the Twistin' Torso Music Company owned by VALERIE MEANS. The judges of this contest were WARD REDMAN and ALEX RAMIREZ.

CHRISTINE BATH, Saskatchewan shoe saleswoman, is currently advertising her wares in the New York Times, run by IANET HOVERSON. New York Times ace reporter NANCY HOPKINS has just completed her greatest news-story: BILL ACHESON Overthrows Castro.

The tobacco industry is thriving with JOHN SOWARDS as head of Philip Morris Inc. IVAN KLOSOVSKY owns a tobacco farm on which BERTRAM RIGBY is Chief Tobacco Picker.

Transportation has interested many of our classmates. GEORGE EVANS, car salesman, has just sold his 55th Fiat Futurale to RAY RAMIREZ, international driving champion. A week ago ALBERT ARCIA finished his trip from Panama to Honolulu by car. His only trouble was a slightly flooded engine. MICHAEL BELANGER has invented automatic steering for cars. SOLO MON HERES is in charge of helicopter service between Maria Chiquita and Coco Solo. CARL IZQUIERDO is the engineer of the Coca Puff Special which travels between the two states of Hysteria and Confusion. REGIE LUM is in charge of the caboose.

The Peace Corps has claimed three of our friends. NICKY BROOKS is teaching the primitive people of Margarita how to boil water. GEORGE KANDRIN has begun to show the savages of Coco Solo how to chew gum; and JOHN SANDERS is striving to bring peace to violent Gatun by introducing the town to air-conditioning.

In the field of art, JIM MOORE is designing platinum toothpicks for the wealthy people of Balboa. LESLIE RICHMOND is exhibiting her paintings to ROSEMARY REARDON, Hollywood junk dealer; and NANCY MITCHELL is displaying her sculpturings at the N.Y. Museum of Modern Trash at which LAUREL MORALES is the director. EDITH STEEBRITZ is making a fortune by throwing paint on a canvas and calling it art. BILL BRANDT is doing murals with yellow and white paint. His work can be seen in the center of all Canal Zone roads.

Hollywood has become the home of fourteen members of our class. CONNIE LASHER has just completed her 25th film concerning insanity. She's just mad about that subject. REINALDO BARRERAS is the head of 21st Century Fox and DONNA WONG is now under contract at his studios. BARBARA DEL VECCHIO is starring in a new production of Cleopatra. STEVE MORRISON plays Julius Caesar. MIKE RYAN plays Mark Anthony. HARRY MURRAY plays Augustus Caesar, and DINGER RANKIN plays the asp. TONIO FOURNIER is

starring in "The Incredible Smoking Girl." MARSHA COLLINS stars in "The Attack of the 50 Foot Woman." In Alfred Hitchcock's new production "The Sandflies," JOAN McGLOIN is bitten by a large sandfly, beautifully portrayed by DON PERRY. As the show progresses, Biology teacher JOHN LASHER saves CHS from a sandfly attack by having the principal, played by EMILY DIAL, install air-conditioning throughout the school.

I See that CAROL LaCROIX is a trapeze artist for Barnum and Bailey Circus. PRISCILLA COLLINS is a famous tree surgeon in Ohio, and has many wealthy patients. KAREN WASZAK is a mattress tester at Macy's. NINA CHAPPELL is a landlady at the Spastic Arms Apartments. BARBARA BELCHER is teaching American Institutions at CHS.

JUDY WILLIAMS has just received Coney Island in exchange for three billion books of Green Stamps. FRANK BORSFJINO runs the Coney Island Roller Conster. FRANK FINDER runs the Parachute Jump; and VAUDIE ROBINSON collects the tickets at the Wax Museum.

RENA and MAGALY ALAYON are advertising pep pills. Renna is the "before" and Magaly is the "after." JANIS BROGIE is their booking agent.

In the field of medicine, many are active in research. NAOMI KUNTZ has discovered a cure for hangovers. STELLA KUCKAS has cured SUE MATHISON of her dreaded disease known as Canal Zone Creepitis. SANDY SHORE has set the medical profession back twenty years by discovering a cure for which there is no disease.

BETTY LEWIS and VICKI CLARK have just completed their reenactment of that 1893 exploration of the Northwest U.S. by what's their names. Their guide was JIM STEVENSON.

TOM HICKEY has been lecturing on his famous Reduction Rule at Harvard where DENNIS IZQUIERDO is teaching an advance form of Wilderite Mathematics, introduced by DAVE WILDER.

BILL WHITE has just duped BUZZY NELSON into buying the Thatcher Ferry Bridge. BILL DeSALVO OK'd the sale because one half of the profits went to himself since he's Governor of the Canal Zone. The other half went to LORRAINE CHAN, President of Panama.

DONNA WILLIAMS and MARY STOUT are mountain climbers in the Himalays. Their oxygen masks are manufactured by the RICHARD ROSCOE Gas Mask Company.

Four of our girls have gone into the modeling profession. ALBERTA WILDER is modeling elevator shoes. NEILLY PATTON models bobbysox. Mustache wax is the big thing on Broadway, and that's what WANDA RACHAL is modeling. JEAN HARDWICK is selling model airplanes.

LORRAINE URFY, now in the WACS, is stationed in France where DOMINIQUE DeRIELHAC has completed his second term of office as Prime Minister.

BARBARA O'NEIL and VERONICA NYE have arrived in Los Angeles after flying around the world in seven hours using a fuel developed by the two millionaire chemists, AIDA PEREZ and CHARLENE ACUFF. This speedy plane was designed and built by those two lady engineers, BONNIE WARD and MACEL WASHBAUGH. BOB CORRIGANS gave the plane the name together.

ED MARSHALL and LANCE CHILSHIRE are deep sea divers. They discovered \$5,000,000,000 in Davy Jones' Locker, but they had to give it to the Internal Revenue Service where TERRY BRENNER is working as chief water-cooler inspector.

MIKE WALSH is cleaning used DDT cans at DEBBY MFEKER's Insecticide Company. MIKE BARANICK is breeding insects.

ILIA QUINONES, Canal Zone lady lawyer, was hired to defend WILSON YOUNG who was accused of stealing MIKE FURLO's solid gold roller skates. After a three month trial, Wilson was sentenced to 15 years at Gamboa Penitentiary where KATHI SULLIVAN is the warden.

Finally, ALEX HEPPENHEIMER is selling used crystal balls to future Literary Editors of the Caribbean.

MOST

VALUABLE

PLAYER

Orrin Clement

Orrin Clement is one of the most outstanding men ever to play football in the Canal Zone. Although he weighs only 129 pounds, many times during this past season he outplayed rival quarterbacks who were much heavier.

He is a very versatile man and can both run and pass. His rushing average is 6.0 yards per carry, a record which few quarterbacks anywhere can match, and he is an accurate passer, both on long passes and short passes. His completion record is 56.2%, an average which places him up among the best of the nation's passers. His ability on offense is shown by the fact that during the

past season he personally accounted for gains totalling 1050 yards and a total of 73 points.

He was chosen as quarterback for the All-Zone team made up of the eleven best Zone players, and was the only Cristobal player to be chosen unanimously. He quarterbacked the All-Stars in the Palm Bowl and led them to victory over Canal Zone College for their first victory since 1958.

Best of all, he was a Junior this past season and thus has another year to play for the Tigers.
